## Description

Description:

We are selling a plot of land with a total area of 1211 m<sup>2</sup> with a sea view in a settlement near Barbariga - Betiga. The plot has an access road and infrastructure nearby. It is surrounded by a residential area and houses, and the municipality is waiting for the conversion of the land also into a residential area so that it is ready for construction. Currently, the plot is a good opportunity to wait for urbanization for those who are not in a hurry to build. There is already a view from the plot, and from the floor of the future building there would be a panoramic view, given that there is nothing to block it. Opportunity for long-term investment!
